GOVERNMENT FINANCE STATISTICS - SECTORIZATION OF PUBLIC ENTITIES

PROPOSED DATES: July 15-18, 2025

TARGET GROUP | Target audience for this workshop should be technical level staff from ministries of finances, directly involved in the compilation of Government Finance Statistics (GFS). Ideally, the applicants are technical level counterparts during the GFS technical assistance missions.

DESCRIPTION | The workshop, delivered by the IMF's Statistics Department in cooperation with the Caucasus, Central Asia, and Mongolia Regional Capacity Development Center, is related to technical assistance on compilation of GFS. It will primarily focus on the sectorization od public entities in line with the international statistical standards. The workshop will also provide a quick overview of the GFS definitions and principles. The participants are expected to share their experience and will be asked to prepare country presentations. Peer learning will be an essential element of the workshop.

OBJECTIVES | Upon completion of this workshop, participants will be able to:

- Understand basic principles of the GFS framework
- Understand principles of classification of public entities in line with the international statistical standards

LANGUAGE | The workshop will be delivered in English language, with simultaneous interpretation to Russian.
