

## GOVERNMENT FINANCE STATISTICS COMPILATION AND INTEGRATION OF STATE OWNED ENTERPRISES DATA / DOCUMENTATION PRACTICES

---

**PROPOSED DATES:** January 25-29, 2027

**TARGET GROUP** | | Target audience for this workshop should be compilers of government finance statistics (GFS). Ideally, the applicants are counterparts during the GFS technical assistance missions.

**DESCRIPTION** | The workshop, delivered by the IMF's Statistics Department in cooperation with the Caucasus, Central Asia, and Mongolia Regional Capacity Development Center and with Afritac East, is related to technical assistance on compilation of GFS. It will primarily focus on the exchange of practices in GFS compilation as such and in expanding the sector coverage by integrating of state owned enterprises data in annual and quarterly GFS questionnaires. Secondly, the topic of documentation of compilation practices will also be discussed. The participants are expected to share their experience and may be asked to prepare country presentations. Peer learning will be an essential element of the workshop.

**OBJECTIVES** | Upon completion of this workshop, participants will be able to: Understand the classification rules for sectorization of entities in general government and transposition of their financial reporting in the GFS compilation; ii) the need and practices for compilation processes documentation.

**LANGUAGE** | The workshop will be delivered in English language, with simultaneous interpretation to Russian.
